GLOBAL FIRE SAFETY

VISION OF GLOBAL FIRE SAFETY.

Global Fire Safety is formed with the objective to establish new vistas in the fields of fire protection systems (of all types), fire investigation, and inspection, survey, audit and one day fire safety training program. The major thrust is on very good quality work and service. Global Fire Safety serves industrial and commercial markets with the widest range.

QUALITY

Our aim is to continuously strive to deliver products and services that meet the quality, performance and price aspirations of our customers. While doing so we ensure to maintain highest standards of ethics, honesty, trust and cooperation in business. Our team delivers an unparalleled level of service with one thing in mind - our customer's complete satisfaction. We have a mission to reach the "pinnacle of excellence" by improving the quality standard.

PROFILE

We believe in a well defined marketing philosophy which is aimed at customer orientation, backed by integrated marketing to achieve customer satisfaction. Global Fire Safety is formed with the objective to establish new vistas in the fields of fire protection systems (of all types), fire investigation, inspection, survey, audit and one day fire safety training program. Global Fire Safety serves industrial and commercial markets with the widest range of quality fire and safety products, systems and services, covering detection, protection and prevention.

Our strengths are underpinned by a highly skilled and experienced workforce, a diverse range of quality products and services that provide a 'one-stop-shop' for security and fire protection - and our reputation for service excellence. We have remained at the forefront of the industry by constantly striving to provide innovative solutions and services that meet and surpass our customer's expectations and by continually seeking to improve quality standards. Our aim is to continuously strive to

deliver products and services that meet the quality, performance and price aspirations of our customers. While doing so we ensure to maintain highest standards of ethics, honesty, trust and cooperation in business.
